## OXYGEN BLUE BLAZER

---

Oxygen Blue Blazer is not just a fabric for blazers, it is the essence of the blazer itself.

Iconic above all in blue, it defines the timeless benchmark of contemporary style.

Crafted in pure wool with natural stretch from twisted yarn, it blends tradition and innovation in a material that is as effortless as it is refined. Available in enduring shades of blue and navy, Oxygen reinterprets the blazer fabric with distinctive weaves that add depth, texture and vitality to the colour. From tailoring heritage to everyday versatility and urban sophistication, Oxygen Blue Blazer stands as the modern icon of elegance, where structure meets comfort and blue remains eternally unmistakable.

---

**Pure Wool with Natural Stretch:** Crafted in 100% wool with naturally elastic twisted yarns, ensuring comfort and freedom of movement while maintaining a refined structure.

**Blue and Navy, Reinterpreted:** A monochromatic palette in blue and blue navy, where different weaves create depth, character, and subtle distinction.

**Three-Dimensional Weaves Inspired by Knitwear:** Fabric structures echo the richness of knitwear, dynamic and vibrant, adding contemporary texture while keeping sartorial elegance.

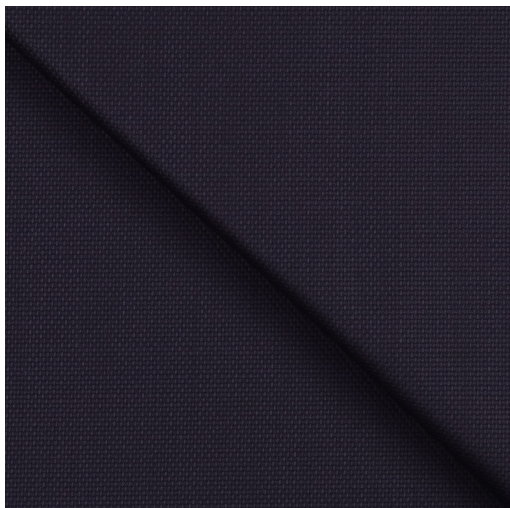

**Versatile Elegance for Every Context:** From formal occasions to leisure and city life, the blazer adapts effortlessly, balancing sophistication and comfort in a timeless yet modern piece.

---

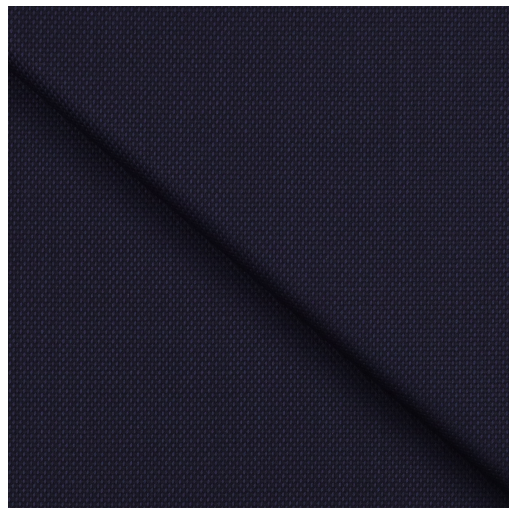

**Every journey of elegance circles back to the blue blazer.**
