CASHMERE & SILK

CASHMERE & SILK

Since 1733, Lanificio Fratelli Piacenza has pursued uncompromising quality through a deep knowledge of the world's finest fibres. This collection explores the most precious raw materials, where the softness of cashmere meets the luminosity of silk. Lightweight and exceptionally soft, the fabrics combine fluidity with a natural, subtle shine, offering a refined and sensory experience. Guided by time, perfected through generations. Each fibre is carefully selected and transformed into fabrics that embody purity, lightness and quiet excellence.

Cashmere Heritage: The finest cashmere, selected for its exceptional softness and natural warmth, offering a light, enveloping feel with a refined touch.

Silk Glow: Silk enhances the fabric with a natural, luminous glow, bringing fluidity, elegance and a delicate, refined sheen.

Sensory Experience: Ultra-soft fabrics offering an exceptionally smooth and comforting touch, designed to enhance everyday comfort.

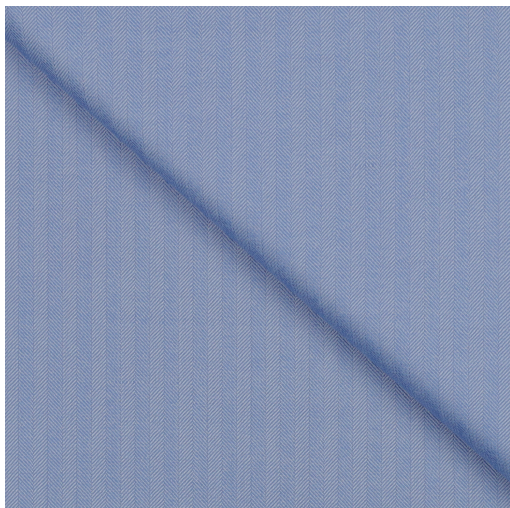

Rich Colours: A refined palette of natural tones meets signature patterns, from classic herringbone to dynamic diagonals and subtle iridescent effects.

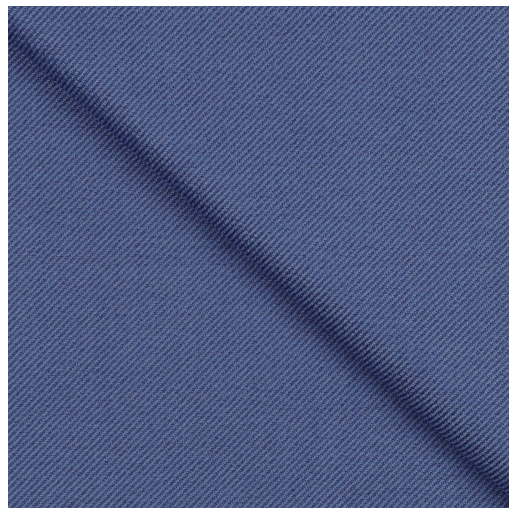

Shaped by nature. Revealed through touch.
